

TODAY'S NEWS

Key Topic 1 | Key Topic 2 | Key Topic 3

Heading 1

Use paragraph styles to get a consistent look throughout your newsletter. For example, this paragraph uses Body 2 style. You can change it in the Text tab of the Format controls.

Heading 2

Drag your own photos onto any image placeholders in this template, then crop or resize them if you wish. To edit an image, select the image and then tap or click the Style tab in the Format controls.

Heading 3

To add more photos, image galleries, audio clips, videos, charts, or any of more than 700 customizable shapes, tap or click one of the insert buttons in the toolbar or drag and drop the objects onto the page.

Main Multipage Text

To get started, just tap or click this placeholder text and begin typing. You can view and edit this newsletter on your Mac, iPad, iPhone, or on iCloud.com.

It's easy to edit text, change fonts, and add beautiful graphics. Use paragraph styles to get a consistent look throughout your document. For example, this paragraph uses Body style. You can change it in the Text tab of the Format controls.

This newsletter template uses linked text boxes, so the text you type can flow from one text box to the next. You can identify which text boxes are linked by the shared color of the circle at

Column Title

You can layer objects, resize them, and place them anywhere on the page. To change how an object moves with text, select the object and then tap or click the Arrange tab in the Format controls.

- Pages detects that you're creating a list if you begin a sentence with a dash or with a number or letter followed by a period.
- Use the Tab key to indent.
- Use the Return key to add a new bullet.
- Press the Return key twice to end the bulleted list.

the top of each box. Numbers in the circles indicate the order of the text boxes. You can add additional text boxes, reorder how text flows, remove a box, and more.

Subheading

You can use Pages for both word processing and page layout. This newsletter template is set up for page layout, so you can manually rearrange pages and freely position text boxes, images, and other objects on the page.

In word processing documents, your text flows from one page to the next as you type, with new pages created automatically when you reach the end of a page. To create a word processing document, choose a word processing template in the template chooser.
